WORLD CONSTRUCTION FORUM 2019

Ljubljana, Slovenia, April 8 – April 11, 2019

Call for Abstracts

The Call for Abstracts is meant for everyone interested into the topics of the World Construction Forum (WCF) 2019. The newest research results can be presented at WCF2019. The abstracts will be used to select full oral presentations and short video presentations, and to prepare the Forum program – the presentations will be divided into 6 Forum Sections. Each author with paid WCF2019 registration fee can present up to two (2) presentations. The deadline for submission of abstracts is October 15, 2018 – a Microsoft Word template is available on the Forum web page (<https://www.wcf2019.org/>). When preparing an abstract please use the template and bear in mind that abstract should not exceed two (2) pages. All details about the WCF2019 are available on the Forum web page <https://www.wcf2019.org/>. The submission of abstracts should be carried out via the online submission web-page <http://submissions.wcf2019.org/>.

Based on the review process selected contributors will be invited to present their work at WCF2019 event in Ljubljana as full oral presentations of the duration 15 or 20 minutes. Other authors will have the opportunity to present their work as short video presentations.

The WCF2019 overall theme is Buildings and Infrastructure Resilience from Climate Changes to Disaster Risk and Facility Management and we would like to attract different stakeholders interested into this topic, such as practicing engineers and architects, policy makers from administration bodies of all levels, researchers and scientists, university professors and students, construction industry representatives, developers and investors – all of you are invited to contribute to WCF2019 and be present at this important world event in Slovenia, a step forward from the successful World Engineering Forum WEF2012 in Ljubljana, Slovenia with its theme Sustainable Construction for People.

Theme 1 – Energy in 21st Century

Theme 2 – Construction 4.0

Theme 3 – Cultural Heritage in Digital World

Theme 4 – Disaster Risk Management & Governance for Resilient Communities

Theme 5 – Engineering Capacity Building

Theme 6 – Facility & Asset Management, BIM Lifecycle
